EDUCATION

B.Tech in Information Technology	2020-2024	Netaji Subhas University of Technology, Delhi	7.78 CGPA
CBSE (Class XII)	2020	Shri Ram Shiksha Mandir School, Delhi	79.2 %
CBSE (Class X)	2018	Shri Ram Shiksha Mandir School, Delhi	85.6 %

PROFESSIONAL SUMMARY

Setup Configuration Specialist and former Test Engineer with experience in **application configuration, environment setup, manual testing, and release support** for enterprise applications. Strong foundation in SDLC/STLC, Agile methodologies, backend development, and cloud-based systems. Proven ability to collaborate across cross-functional teams and deliver high-quality solutions.

EXPERIENCE

Wipro | Associate Analyst: October 2025 - Present

- Managed **environment setup, application configuration, and deployment support** across development, QA, and UAT environments, ensuring system readiness and minimizing release-related issues.
- Configured and maintained **application parameters, access controls, and system settings** in alignment with business requirements, compliance standards, and change management processes.
- Collaborated with **QA, development, DevOps, and business teams** to troubleshoot configuration issues, support release cycles, and ensure smooth handover during production deployments.

Wipro | Trainee: April 2025 - October 2025

- Performed **manual, functional, regression, and system testing** for enterprise-level applications, identifying and reporting defects using **JIRA/ALM**, and ensuring compliance with defined **QA processes and SDLC/STLC**.
- Designed and executed **test cases, test scenarios, and test data** based on BRD, FRD, and user stories, improving test coverage and defect detection.
- Collaborated with **cross-functional Agile teams** including developers, product owners, and business analysts to validate fixes, conduct **UAT support**, and ensure on-time delivery of high-quality releases.

Bajaj Capital | Wealth Officer: October 2024 - February 2025

- Created personalized investment portfolios aligned with client financial goals, achieving **average portfolio growth of 12%**.
- Analyzed market trends and regulatory changes to optimize asset allocation and improve returns by **8% on average**.
- Ensured **100% regulatory compliance**, audit readiness, and long-term client relationship management.

UpSkillz | Full Stack Web Dev Intern: July 2022 - September 2022

- Developed a scalable **e-commerce backend** using **Node.js, Express.js, and MongoDB**, implementing role-based access control.
- Built an **admin dashboard** to manage inventory and customer data, improving operational efficiency by **40%**.
- Integrated **Stripe payment gateway**, ensuring secure transactions and compliance with data security standards.

PROJECTS

Social Media App Backend | JavaScript, Node.js, Express.js, MongoDB

- Engineered a **scalable social media app backend** with **RESTful APIs**, supporting **real-time user authentication** and **profile management.**
- Integrated **Cloudinary-based media storage**, optimizing **image retrieval speed by 50%** while enabling seamless post interactions.
- Enabled social interactions through following or unfollowing users and displaying posts from those who followed.

Streamify | React.js, RapidAPI, HTML, Tailwind CSS, JavaScript

- Developed **Streamify**, a YouTube clone with React.js and Rapid API, achieving **80% faster video loading** and **seamless user authentication**.
- Optimized **real-time data fetching** via Rapid API, enhancing **video search response time by 35%** and ensuring seamless playback.

ACADEMIC ACHIEVEMENTS AND AWARDS

- **Leetcode:** Solved 275+ DSA questions | Top 16.1% with Highest Rating **1653** | Handle: Vipin Saini
- **GeekforGeeks:** Solved 295+ DSA questions | Secured an Institute rank of **913** | Handle: Vipin Saini

TECHNICAL SKILLS

- **Languages:** C++, JavaScript, C, HTML
- **Frameworks & Libraries:** React, Node, Express
- **Databases:** MongoDB, SQL, Azure
- **Testing:** Manual Testing, Regression Testing, System Testing
- **Tools:** JIRA, Git, Postman
- **Other:** REST APIs, Application Configuration, Environment Setup
